Education

Bachelor of Engineering – Computer Science and Engineering 2023 – Present
Chennai Institute of Technology, Chennai
CGPA: 8.87/ 10

Professional Experience

Veerel Enterprises Nov 2024 – Jun 2025
Web Development Intern
Contributed to the development of responsive web applications using React. Gained hands-on experience in building RESTful APIs, implementing authentication and integrating front-end and back-end functionality.

Lux and Decibels Jul 2025 – Aug 2025
Full Stack Development Intern
Worked on developing and maintaining admin and user-facing web applications using React. Assisted in implementing front-end and back-end logic to support application functionality.

Projects

TrackSphere: Web-Based Hackathon Activity Tracking System Aug 2025
Web-based event management application developed with React, Flask, and SQL. Designed 3+ modules covering registration, tracking, participant management and administrative operations.

EventTrack: Full-Stack Event Ticketing and Management System Jan 2025
Built a ticket booking platform using React, Flask, with QR-based verification for secure event access. Constructed 3 key functionalities including ticket booking, user and admin management system.

Talk2MyPortfolio: AI Chatbot-Based Personal Portfolio Jan 2026
Responsive React portfolio featuring 5+ sections and an AI-powered chatbot for interactive user assistance. Hosted on Vercel with a modular architecture for accessibility and maintainability across web application platforms.
